

Softly enfolds the skin in long-lasting silkiness.
Brighten your skin and your mood this summer.

Skincare powder for comfortable summer skin

This soft powder blends silkily into your skin,
keeping it hydrated while absorbing sebum and sweat.
Curbs greasiness to keep skin feeling fresh.

Beauty Skin Powder

In summer, skin is prone to greasiness in the daytime,
while at night it can be hard to sleep.
But this powder keeps skin feeling pleasantly silky around the clock.

Beauty Skin Powder
(special powder puff included)
〈FACE POWDER〉 20g 5,500 yen (tax included)

• Fragrance-free • Allergy tested
(This does not guarantee that allergy reactions do not develop for everyone.)

〈How to Use〉

Use this product as the final step in your skincare regime. Apply an appropriate amount of the powder to the special puff and lightly press it onto your skin, covering the entire face. You can also apply it to the neck, décolleté, and body, as you choose. When using this product in the morning, blend a makeup primer into your skin after application, then apply your foundation over the primer.

Your skin will feel fresh and comfortable from the moment of application.

Use this skincare powder as the final stage in your skincare routine. It minimizes the discomfort caused by post-skincare greasiness, sweat, and sebum, leaving skin with a dewy silkiness.

• Pearl CC powder*¹

Promotes healthy skin with a radiant luster.

Cares for skin exposed to UV rays and other summer stresses, maintaining its translucence and radiant luster.

• Instant vitamin C derivative*² • Calamine powder*³

Prevents makeup run and promotes a cool, fresh-looking beauty.

Use it before applying base makeup to keep your makeup from running, ensuring a long-lasting impression of silky-smooth, freshly cool beauty.

• Pearl apatite®*⁴
