

MOONPEARL

Skin beautification science generated from light and ocean

Skin beautification science generated from light and ocean

Brilliance and transparency like radiating clear light.

The potential of beauty resting inside yourself will awaken
with your mystical inner power.

Realizing fresh, sleek and bouncy skin led
by the energy of nature that holds the key.

"Light" and "ocean."

With the consistent skin beautification science towards the future.
Make the future of your skin even more beautiful with the grace-
fulness of pearls that controls light softly.

MOONPEARL

The infinite beauty potential of light and ocean is provided to your skin.

We decipher the secret of pearls* and face the mystery of the ocean.

Knowledge obtained from such infinite potential met with science and technology, and MOONPEARL was developed.

Constant evolution leads to attaining an even higher level.

* Nacreous layer, pearl shells

For soft and bouncy skin

Pearl

Pearl Silk®*1

This is an original substance extracted from the byssus of the Akoya Pearl Oyster, which grows pearls, focusing on the aging decay of the cycle that brings bounciness to the skin.

Substances originating from pearls*2

- Function similar to natural moisturizing factors (Pearl Conchiolin®*3)
- Excellent ability to catch and retain moisture (Pearl Collagen®*4)
- Focusing on the cycle of skin beautification and barrier (Pure Pearl Mineral®*5)
- Focusing on the bounciness of skin (Permeable Pearl Collagen®*6)
- Adsorption removal of old skin cells and dirt (Pearl Apatite Fine®*7)

Skin without cloudiness*

Sea Plant

Sweet kelp extract*8

We focus on the adult skin cloudiness*.

With an aim to realize replenished transparency as if radiating from inside*9.

* Cloudiness caused by dryness

Wakame seaweed extract*10

We focus on the bounciness of skin that tends to be lost, to realize a soft and lively texture.

Thoroughly refined

Extreme Pure Water

We use Extreme Pure Water that is thoroughly refined through repeated filtering using ultra-high-density filter. The water will bring the beauty components in the clearest condition to the cuticle.

Approach deep into the cuticle

Nanotechnology*11

Beauty components are processed into microscopic particles with our nanotechnology. In order to improve the texture on skin and absorption*, we are utilizing our microparticulation technology to produce cosmetics.

* Horny cell layer

Keeping in mind the skin, people, and the earth

Clean formula

We respect the people and global environment with uncompromised selection of substances and manufacturing methods. This is the consistent commitment of MOONPEARL.

- Fragrance-free ● Color-free
- Paraben-free ● BHT-free
- No mineral oils
- No sodium lauryl sulphate
- Allergy tested (This does not guarantee that allergy reactions do not develop for everyone.)

*1 Hydrolyzed pearl shell byssus extract (skin conditioning component), included in lotion, beauty lotion, and cream. *2 Nacreous layer, pearl shell *3 Hydrolyzed Conchiolin Protein (moisturizing component) *4 Succinoyl Atelocollagen (moisturizing component) *5 Components to improve the condition of skin with pearl minerals (calcium chloride, sodium chloride, iron chloride, magnesium chloride), included in lotion. *6 Hydrolyzed collagen (moisturizing component), included in beauty lotion. *7 Hydroxyapatite (skin absorbent), included in cleansing foam and face pack. *8 Moisturizing component *9 Horny cell layer *10 Skin toning component, included in beauty lotion. *11 Used for massage cream, beauty lotion, day-care milky lotion, and cream.

Luxurious gift of the ocean for daily skin care
For fresh and transparent skin

Make-up remover/face wash

CLEANSING CREAM ☾

(Marketed name: MOONPEARL Cleansing Cream a)
120g 7,700 yen (tax included)

It removes make-up by applying rich moisture, to realize bright and innocent skin.

It is a cleansing cream to remove makeup with smooth texture, which can be used for both wiping off and washing off. Dirt is removed gently with Squalane* to reduce the burden on skin. Keeps the skin moist even after cleansing.

* Moisturizing component

CLEANSING GEL ☾

(Marketed name: MOONPEARL Cleansing Gel a)
120g 7,700 yen (tax included)

Remove make-up with highly functional gel that is tender on skin to realize fresh and clear skin.

Soft gel that spreads well will blend quickly with hardened make-up and excess oil, and neatly removes dirt from skin. The finish after use is refreshing, while retaining adequate moisture. It is a cleansing gel used exclusively for washing off.

CLEANSING FOAM ☀️ ☾

(Marketed name: MOONPEARL Cleansing Foam a)
120g 7,700 yen (tax included)

Dirt is removed gently on skin with moist, dense foam. Realize a moist, transparent, and beautiful skin.

Thick and fine foam of this face wash foam catches dirt gently. Pearl Apatite Fine® absorbs only the excessive oil, and retains necessary oil to keep moisture after washing.

* Hydroxyapatite (skin absorbent)

Massage

REFINING MASSAGE ☾

(Marketed name: MOONPEARL Refining Massage a)
100g 11,000 yen (tax included)

A touch of exquisite skill that spreads smoothly. *¹
It promotes circulation*² and realizes bouncy and clear skin.

It is a smooth and rich massage cream. The product has a two phase approach, with Nanotech Capsule-VEA-L^{*3}, containing linoleic acid derivative, and with the promotion of blood circulation as the effect of massage. It will realize bouncy and transparent skin.

*¹ Massage

*² Promotion of blood circulation with massage

*³ Fine-grain capsule including ethyl linoleate (skin conditioning component) and hydrogenated retinol (skin conditioning component)
