

Skin beautification science generated from light and ocean

MOONPEARL

UV

Protects the beauty of natural mature skin against light.

UV and aging care*1

1 Feels like a skincare product, while delivering the highest level*2 of protection against UV rays

This high-performance water-resistant sunscreen stands up to water, sweat, and sebum while delivering the highest level of protection against UV rays. It offers the texture of a skincare product, free from the characteristic stresses of conventional sunscreens, while still protecting skin against UV rays.

Milk
Spreads
lusciously over
your skin

Cream
Velvety-smooth
like a moisturizing cream

2 Contains around 70% beauty ingredients*3
Inspired by aging care*1

Contains around 70% beauty ingredients to protect skin during daytime, when it is subject to the effects of not only UV rays, near infrared, blue light, and other forms of light, but also dryness and irritation.

This sunscreen inspired by aging care*1 aims to protect the skin from all directions.
